<sup>1</sup> The Fund expects to distribute, in respect of each tax year, all of its net investment income and/or net realized capital gains to investors such that the Fund will not be liable for income tax under the Income Tax Act (Canada). These distributions will either be paid in cash or reinvested in the Fund, as may be determined by 1832 Asset Management L.P. from time to time. These distributions, net of Fund expenses, will consist primarily of net investment income and capital gains distributions received from the securities held within the Fund and, any realized capital gains from securities transactions within the Fund. Distributions are taxable to investors holding the Fund in non-registered accounts. The characterization of distributions for tax purposes (such as dividends, other income, capital gains, return of capital etc.) for each period will be available only after the Fund's tax year end. Investors will receive an official tax statement from their brokers detailing the tax characteristics of distributions received for the calendar year. The amounts of past distributions are shown above. For a schedule of the Fund's distributions, please refer to the annual Distribution Schedule.

Commissions, management fees and expenses all may be associated with investments in exchange-traded funds (ETFs). Please read the prospectus before investing. The securities held by the ETFs can change at any time without notice. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or operational charges or income taxes payable by any securityholder that would have reduced returns. Investments in ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

All investments involve risk. The value of an ETF can go down as well as up and you could lose money. The risk rating of the ETF is based on industry standard risk rating guidelines. For more information about the specific risks of this ETF and its risk rating, see the Scotia ETF's prospectus, including the disclosure under the headings "Risk Factors" and "Risk Ratings of the Scotia ETFs".
